

Important Notice from Child Care Licensing

Dear Child Care Providers,

In order to facilitate our processes and go **paperless**, Child Care Licensing has created the online **Licensing Provider Portal**. From this portal you will manage your covered individuals and licensing fees, submit renewals, variances, incident reports, changes, appeal requests, and required documentation.

To access the Licensing Provider Portal, go to the Care About Childcare website at **careaboutchildcare.utah.gov**, and then go to the "Providers" tab. The Licensing Provider Portal tab is at the bottom of that page. If you do not have a log-in, please contact your local Care About Child Care agency at <http://careaboutchildcare.utah.gov/contactRegions.aspx>, or call toll free at 855-531-2468.

Background screenings and new applications, including exempt applications, are to be submitted online through our website at childcarelicensing@utah.gov.

Please call Child Care Licensing at 801-273-2904 for any help.
